Chile possesses one of the clearest skies in the world, and therefore has more than forty astronomical observatories

WORLD TRAVEL AWARDS

Chile has been chosen for two consecutive years as the **best adventure tourism destination** by the WORD TRAVEL AWARD in 2016 and 2017

The country is an acclaimed producer of export wines, following grape wine varieties only present in this country.

In Chile there are eight world biosphere reserves recognized by Unesco.

Chile is a land of artistic talents, such as Pablo Neruda, Gabriela Mistral, Nicanor Parra, Isabel Allende, among others.

In Santiago we find the tallest building in Latin America, the Sky Costanera.

12 THINGS YOU HAVE TO KNOW ABOUT CHILE AND THE USACH

UNIVERSIDAD DE SANTIAGO DE CHILE

The University of Santiago de Chile (USACH), is a public institution, having its origin in the School of Arts and Crafts, founded in 1894.

34 HECTARES

The USACH has a **SINGLE CAMPUS** located in the Municipality called "Central Station". It has direct access to two stations of the Santiago Metro Network.

The USACH has **10 RESEARCH CENTERS** in different fields of knowledge. We generate high impact studies for Chile and the world."

There is a **legend** that says that if you step on the shield on the floor of one of the USACH entries, **you will fail at least one subject**. Can you discover which entry it is?

USACH has a rooted sense of social commitment, therefore we have several **volunteer organizations** that provide assistance to the community.

Within the university campus there is a **wide range of food facilities**. There are all kinds of dishes: from the most traditional plates to vegetarian options."
